

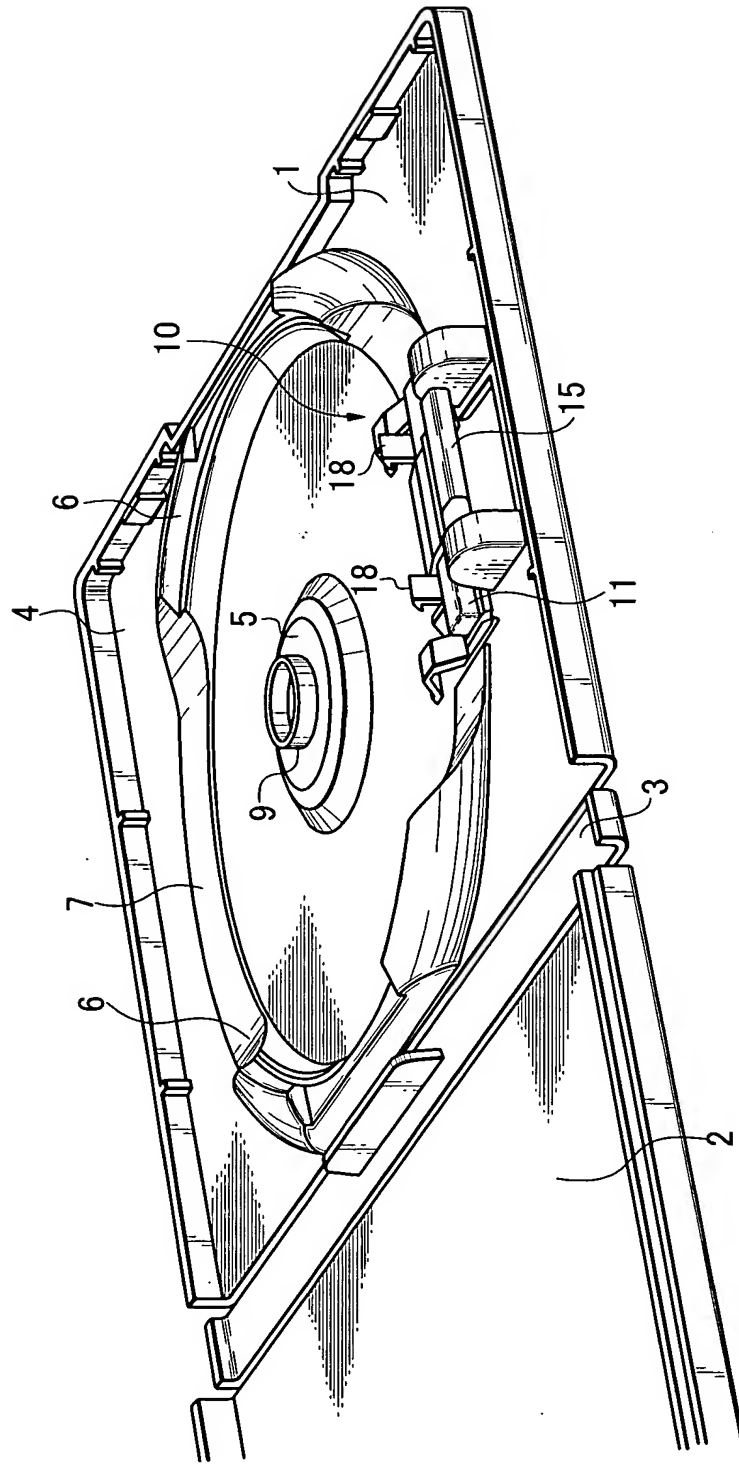

Fig. 1

*Fig. 2*

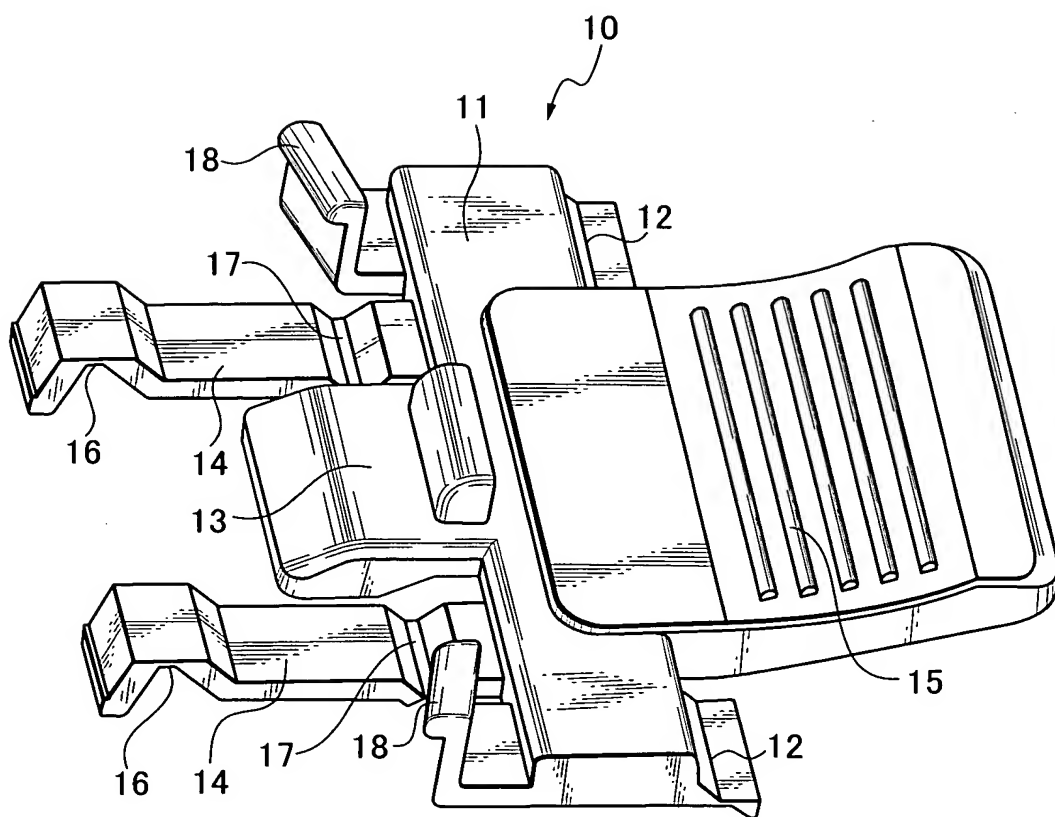

Figure 1 is a perspective view of a portable electronic device, such as a handheld calculator or a small PDA. The device has a rectangular body with a circular display screen on the front face. The display screen is labeled with the number 8. The body is divided into two main sections: a top section containing the display and a bottom section containing a keypad. The keypad is labeled with the number 15. The top section is hinged to the bottom section, and the hinge mechanism is labeled with the number 11. The top section is shown in an open position, revealing the internal components of the display, which are labeled with the number 9. The bottom section is shown in a closed position. The device is labeled with the number 1. The keypad has several buttons, some of which are labeled with the number 18. The device is shown in a perspective view, with the top section slightly tilted upwards.
